

PremAire® Cadet Escape Respirators

Size, Simplicity and Economy

• Safety

- Low-profile escape cylinders and simple harness design
- Wide field of vision, unmatched voice transmission
- Lightweight

• Low Cost of Ownership

- Regulator and cylinder valve in a compact assembly
- Design shares many parts with MSA AirHawk® II SCBA including MMR
- Single facepiece for SAR, SCBA and APR
- Online user training on MSA U

• Options & Flexibility

- Ultra Elite® or Advantage® 4000 Facepieces
- Choice of cylinders in 5, 10 or 15-minute durations
- Carrier and Harness Assembly in either Nylon or Kevlar
- Cylinder can be mounted on right or left hip

**NIOSH approved under Title 42 CFR,
Part 84 – Subpart H**

The PremAire® Cadet Escape Respirator is a combination supplied-air respirator that is used for entry into or escape from hazardous, confined space, or immediately dangerous to life or health atmospheres.
