

MSA ALTAIR® Single-Gas Detector

Maintenance-free, 2+ year life

NEW
LOWER LIST PRICE ON ALTAIR H₂S!

PROVEN DURABILITY

- Survives multiple 20' drops onto concrete
- Waterproof and dustproof (third-party certified IP67)
- Wrapped in rubberized armor for superior impact protection
- 2-year warranty is never pro-rated

PROVEN RELIABILITY

- Can be calibrated if it fails a bump test
- Does not automatically shutdown when 24-month clock runs out
- Typically lasts well beyond the promised 24 months
- Proprietary leak-free H₂S sensor for better stability in extreme temperatures

PROVEN EASE OF USE

- Maintenance-free, with visual, audible and vibrating triple alarm
- Datalog provides up to 25-event records
- Complete instrument fleet management and testing using MSA Galaxy® GX2 Test Stand, Link Pro Software or ALTAIR Quick Check® Station
