

NEW!
MSA Link™
Software

New MSA Link Software can transfer your portable gas detection instrument records and other stored information to a connected PC.

MSA Link Software functions include:

- ✓ Intuitive icon-driven menu
- ✓ Downloading periodic or session log
- ✓ Graphing and tabular data available for exporting
- ✓ Changing alarm setpoints and other instruments settings
- ✓ Printing calibration reports
- ✓ Live instrument reading chart
- ✓ Multi-language capability

Available as a **FREE** download from www.MSAnet.com, or buy it as a **CD-ROM**
