

V-Gard® GREEN Hard Hats

The world's first hard hat made from renewable resources

V-Gard GREEN hard hats offer the same trusted look and quality customers have come to expect from their MSA V-Gard hard hats. The V-Gard GREEN hard hats are made with renewable green high-density polyethylene (GHDPE), while the traditional V-Gard hard hats are made through standard HDPE production methods. The test results for V-Gard GREEN helmet shells indicated a biobased content of 95%.

Classification:	Type I
Market(s):	General industry, manufacturing, repair and maintenance, construction, oil and gas, shipbuilding, automotive, mining
Application:	General purpose
Shell Material:	Green high-density polyethylene (GHDPE)
