

OptimAir® TL PAPR Superbuy Promotion – U.S.

- *Inventory available now!*
- *Program valid while supplies last.*

The OptimAir TL PAPR is manufactured in Jacksonville, NC USA.

Key benefits and advantages include:

- No fit test required for hood use
- No pre-use flow check requirement
- No expiration on HEPA filters
- Optimair TL provides audible and visual alarm of any flow restriction
- Low battery warning
- Easy clean up and decontamination
- Altitude compensation adjusts motor speed to maintain required airflow
